MAYOR POST GOES TO DeBERNARDI BY 3-2 VOTE

SHOWDOWN MEET SCHEDULED

City Vs. Freeway

In the process of studying Hahn & Wise consultants' survey on traffic and street needs, City Committee Opposed To Freeways last week set the evening of Tuesday, April 22, for a showdown at city hall on the freeway "nemesis" here.

Councilman Francis Pacelli, chairman of the 20-member city-wide committee, said his group would be able to recommend a final course of action April 22 "when we have digested the Hahn & Wise report." It was distributed to the committee Friday.

Invited to the April 22 session will be representatives of the State Division of Highways, and about 150 organization representatives from throughout Daly City.

"We need unity in this effort," stressed Pacelli, "and I'm sure the April 22 meet will be decisive."

The council Monday night directed City Attorney Paul Hupf to write the state for all freeway data, maps and routes in this area.

Latest group demanding council action against Alternate A, the Alemany extension freeway proposal, are Westlake Catholic Women, comprising 520 members, and headed by Mrs. Roberta McElroy.

State officials also have notified San Mateo county residents that its committees on Statewide System of Freeways and Expressways soon will publish a report on areas to be affected under budget projections and needs.

Westlakers Push Door-To-Door Petition Drive

More than 300 volunteers will cover "all of Westlake" this Friday, Saturday and Sunday in door-to-door petition signups against the state-proposed Alemany freeway extension between Junipero Serra and Skyline boulevards.

Goal of this Westlake-united drive, spearheaded by Westlake Improvement Association, is "18,000 or more" signatures, according to William Silver, WIA anti-freeway committee chairman.

The evening canvasses will begin at 7 p.m., an association spokesman reported.

Petitions mustered will be forwarded in "package" form to the governor, state highway division brass, and local and national political representatives.

STATE OFFICIALS WILL 'EXHIBIT' FREEWAY PLANS

Map displays showing all of the alternates under consideration, including the route recommended by the State Division of Highways, for the future Junipero Serra Freeway through San Mateo and Santa Clara counties, have been scheduled.

In Santa Clara county, the display will be located at 300 State street (corner of State and Second streets) in Los Altos, on April 21 and 22, between the hours of 1 p.m. and 9 p.m. each day.

In San Mateo county, a similar display will be available to the public from 1 p.m. to 9 p.m. on April 24 and 25 in the Veterans Memorial Auditorium, 1455 Madison avenue, Redwood City.

Interested individuals are invited to visit these displays and become familiar with the routes which are being considered. Representatives of the Division of Highways will be present each day during the above hours to answer questions and furnish information concerning the studies which have been made for the location of this freeway.

Announcement has previously been made of the public hearings to be conducted by the California Highway Commission on May 7 and 8 this year, concerning the freeway location.

Eight Scramble For Elementary Trustee Berths

With this Friday the deadline for filing, eight candidates are running for two three-year seats on Jefferson Elementary school board. Balloting is May 20.

Latest to file were Joseph Schultz, who lives at 548 Atlanta street, and Frank R. Verducci, brother of Daly City's ex-mayor, of 70 Westdale avenue.

Schultz, 34, a landscape contractor, was graduated from City College of San Francisco and attended California Polytechnic College, where he majored in horticulture. He and his wife, president of the DC Garden Club, are parents of three children.

Verducci, 38, is a teacher

CITY-SCHOOLS GET $22,000 REC BUDGET

Outlay of about $22,000 for the new schools-city recreation program was approved last week by elementary school board trustees.

The coordinated program sponsored by Snell PTA (unincorporated areas) and the school district, will cover expenditures for seven playgrounds, starting this June 16 and ending June 20 next year.

The unincorporated area's total in the $22,000 figure amounts to $7693.62. The city's portion will hit some $14,209. The district gets the funds from its 5-cent civic center recreation tax. Most of the money going to both parties is used for salaries.

In addition, the city recreation department has requested $24,000 for its next budget, specifically for recreation, to meet both salaries and maintenance expectations.

Playgrounds covered in the joint program are Crocker, Colma, Jefferson, Olympia, Westlake, and two new sites, Vista Mar and Vista Grande. Vista Grande play area won't be opened until this fall, according to Dee Van Nest, city parks and recreation director.

Mike Orlich, repersenting the unincorporated areas, and Van Nest presented the requests to trustees last week.

PUBLIC SCHOOLS' WEEK COVERAGE DUE NEXT WEEK

Next week Marchbanks Publications will offer a special feature on the 39th annual Public Schools Week in California, April 21 to 26.

Material submitted by Superintendents Edward Morgan (Jeff High School District) and Henry Z. Weibel (Jeff Elementary District) will be presented. It will cover the district's history, growth, present status, and projections.

Open House will be held at both Jefferson and Westmoor high schools on Thursday evening, April 24, from 7:30 to 9:30 p.m.

Asst. Police Chief's Relative Is Injured In Oven 'Explosion'

Mother-in-law of Roy McLaren, Daly City assistant police chief, suffered first and second degree facial burns last week when a gas-oven explosion rocked the police officer's home, 182 Westbrook avenue.

Mrs. Hildegard Rogers, 63, visiting from San Francisco, was treated and released at Junipero Serra Hospital.

Mrs. Rogers' hair was set aflame by the blast, attributed to failure of gas jets and subsequent leakage of fumes to the oven pilot light. McLaren's wife (Jane) saved her mother from more serious injury by muffing Mrs. Rogers' hair with a nylon sweater.

Team Toast Of The Town

MILK-TOAST is fitting gesture for newly sworn-in City Councilmen Edward J. Dennis (left) and Robert "Bob" St. Clair. The pair, working for a united Daly City, were victorious as a "team" in last week's election. Dennis, 49, embarked on his third term as councilman since 1944, is president of the San Mateo and San Francisco County Milk Drivers Union. St. Clair, 27, is a sales representative and captain of the 49er football team. Dennis finished second in the balloting for three seats, with St. Clair a strong third.

Dennis Tops Precincts

Third-time councilman Edward J. Dennis, 49-year-old union president, finished second in balloting last week but he was tops at the precincts.

The veteran civic figure won 16 of the 34 city precincts, failing to muster top vote in only two precincts in the older section of town. He posted more than 100 votes in 14 winning precincts.

Surprising Edward Murphy, 46, Westlake realtor, was next in precinct wins, capturing 12 of the 16 in Westlake. Murphy, finishing fourth, had the single precinct high for the election, with 190 votes in precinct X (19 Eastgate), where 330 voted out of 703 registered.

Mayor Micheal DeBernardi, with the best "balance" strength, captured four precincts. His high was 144 votes in Murphy-led precinct X. DeBernardi's second high tally was 122 in his own neighborhood, precinct AA.

Defeated incumbent Sanford Vickers won two precincts, 160 Abbot and Colma school, his "home" territory. Vickers had 133 in the former station, 96 in the latter.

Dennis' sweep in the old section marked his third conquest there in as many victorious campaigns.

More than 200 votes were cast in 20 of the 34 precincts.

HEAVY INCREASE

San Mateo County's Property Tax Zooms!

Hard-pressed property owners in San Mateo county have just finished paying the second half of a property tax bill for 1957-58 which averages, county-wide, $128.35 for every man, woman, and child in the county, S. J. Arnold, general manager of California Taxpayers' Association, said today.

The second half of the 1957-58 property tax bill was delinquent last Thursday, he stated.

Total levy on property throughout the county for 1957-58 reached $48,465,600. Of this sum, $10,918,838 was for general county purposes, $7,669,057 for city government purposes, $26,644,274 for school districts, and $3,233,431 for special districts in the county.

Comparison of 1957-58 property tax levies in the county with those for 1952-53 shows that the increase in levy is far in excess of the increase in

3 Hopefuls Race For JUHS Duty

Incumbents Elio Fontana and Mrs. Anna Eason, and Coastsider James Cooper today were the only candidates for two trustee seats on the Jefferson High School District board.

Filing deadline is this Friday, with balloting set for May 20.

Fontana, board chairman, seeks his third three-year term. Mrs. Eason has served as trustee the past 11 years. Cooper, long active in Pacifica civic projects, is president of Pacific Manor PTA.

'MAJORITY' PREVAIL

Joe Verducci, Pacelli Oppose New Leader

"Control" of Daly City changed hands Tuesday night when high-vote Micheal DeBernardi became new mayor by a 3-2 margin—the new balance of power at city hall.

Deposed Mayor Joseph Verducci and freshman Councilman Francis Pacelli refused to go along with inducted Councilman Edward Dennis' motion for DeBernardi, seconded by last week's third council job winner, Robert "Bob" St. Clair.

Verducci and Pacelli said they challenged the "platforms" that won at the polls for DeBernardi, Dennis and St. Clair. The now "minority" councilmen (Verducci and Pacelli) echoed they would not "compromise their positions and policies of the past."

Dennis, a member of the council for two terms before he made it three on April 8, was named mayor pro-tem (vice mayor), also by the 3-2 vote, Verducci and Pacelli again refusing to concede.

First half of Tuesday's traditional post-election ceremony was devoted to official canvass of the vote.

City Clerk Evelyn Mosman issued oath of office to DeBernardi, Dennis and St. Clair.

Cliffside Homes Won't Be 'Used' For Basin Access

Homeowners on Cliffside drive in Westlake need not worry that their property will be condemned to make access room for the Jefferson Elementary School District's basin site school.

The city council, getting a resolution from the school board stating that no Cliffside homes would be condemned, Monday night voted agreement to the historic joint-use park pact.

Paul Hupf, city attorney, urged that council acceptance specify that no homes on Cliffside would be condemned by the school district.

The city, as Mayor Joseph Verducci pointed out, has no jurisdiction in the matter, "but if residents are affected by any access move, we naturally must be concerned," he said.

City Approaches Old Edgemar Road Verdict

Realignment of old Edgemar road, from Baldwin avenue to Gilman drive and near Westmoor High School, soon will be undertaken by the city in cooperation with the school district and nearby subdividers.

Council learned Monday night that its share of the costs will be about $37,500 plus $3000 for an engineer. City Manager Howard Stites said the money will come from the $50,933 in unappropriated funds from the present budget.

Decision on the project was tabled by 3-1 council vote, Joseph Verducci the lone dissenter. Sanford Vickers was absent due to work.

HOLD CLERK, 21, FOR VAGRANCY IN 'LURE' CASE

Homer G. Carlton, 21, a clerk by occupation, pled guilty in muni court Tuesday to a Daly City charge of vagrancy, filed after he attempted to lure a 12-year-old girl into his car early last week.

The incident occurred on Irvington street, according to Officers George Brooks and James Sunderland, who arrested Carlton at his home, 6273 Mission, late Thursday night.

Carlton, held over three weeks for sentencing pending a probation report, told Capt. Roy Beecher and the arresting officers that he "many times had cruised around town in my car, watching young girls in parks and playgrounds."

Nineteen absentee ballots resulted in the following additional votes for the 11 candidates:

Edward Murphy, 12; St. Clair, 9; Joseph Lewkowitz, 6; Dennis, 5; DeBernardi, 4; David J. Friedenberg, 4; Sanford Vickers and Del C. Wilson, 3 each; Gerald Colvin, 2, and John B. Drye and Peter J. Becker, 1 apiece.

Next Council Meet

First regular meeting of the "new-look" city council is scheduled for Monday evening, April 28, at 75 Wellington avenue. Session starts at 8 p.m.

Final election returns from the 34 precincts (46 per cent response out of 14,505 registered voters):

The winners: DeBernardi, 2982 votes; Dennis, 2814; St. Clair, 2525.

Murphy edged Lewkowitz, his semi-running mate, for fourth spot, 2290 to 2282.

Vickers had 1664 for sixth, and Wilson was next with 1160.

The others: Drye, 1115; Friedenberg, 1034; Colvin, 629, and Becker, 513.

Write-in candidates, John Caesar and the Rev. Fred Fanthorpe, had one tally each.

Resolutions of commendation for defeated incumbents Vickers and Wilson met with heavy applause from the citizen-packed chamber hall.

HIGH SCHOOLS HIRE 8 NEW TEACHERS HERE

High school board Monday night hired eight of 16 new teachers needed for the new school year this September.

Supt. Ed Morgan, announcing those okayed by the board, said the district plans to have 127 regular classroom teachers by this fall.

"Contrary to some reports, we won't have double sessions this September," Morgan said he wished to clarify.

Westmoor will house about 1400 of the district's expected 2700 students in September.

New teachers hired Monday will find four going to each school.

They are: Arleen Pool, Jeff High and SF State graduate, replacing Joseph Volbrecht, Jeff science instructor heading for sabbatical leave; James Potts, UC grad, math department; Mrs. Ruth Blake, SF State, social studies; Mrs. Beverly Raab, tenure teacher returning to district, physical education; Paul Zimmerman, University of Miami, social studies-physical education; Jackie Nettles, Brigham Young University grad, physical education; Richard Yamaguchi, SF State, mathematics.

Potts, Warne, Nettles and Yamaguchi will be at Jeff. Four of the eight are making their professional teaching debuts.

VICIOUS EPISODE

Sacramento Cops Jail Wife-Beating DC Man For Raping Stepdaughter

Sacramento police Tuesday arrested a berserk Daly City man, sought by Daly City officers since Thursday after he viciously beat his wife and left her tied up—hands and feet—on the back steps of their home.

Norman Czekar, 36, of 28 Los Olivos, is held on a statutory rape charge, filed against him in Sacramento where officers found him in bed with his 15-year-old stepdaughter, mother of a five-months old child. After prosecution there, he will be returned here to face a wife-beating charge.

Czekar's wife, Evelyn, 34, was found Thursday at 8 p.m., three hours after the alleged attack by her husband, as Officers George Brooks and James Sunderland rushed to investigate a neighbor's call.

Mrs. Czekar's arms were tied behind her back with a 15-foot electric cord, her ankles bound with a 5-foot clothesline wire. She was clad only in undergarments.

Taken to Junipero Serra hospital, she was transferred to Community hospital "in serious condition," doctors said.

She told officers her husband "for no apparent reason" kicked her in the stomach and struck her many times before leaving with their four children. Czekar, police learned, took the four children (ages 15, 10, 5, and 5-months) via cab to an Oakland hotel. Police were unable to find them there, however.

appear more feasible, trustees admit.

The council Monday also referred to city manager for a full report protests of residents on Fairway drive who want the city to introduce protective traffic measures on the narrow, much-traveled street. Stites agreed with homeowners that too many southbound drivers use Fairway instead of Park Plaza. Fairway residents long have protested traffic congestion and hazards there.

In other traffic matters, councilmen resolved to install yield-right-of-way signs at the Eastgate and Sheffield intersections on South Mayfair. This was requested by Westlake Improvement Association. The latter group also approved city specifications for the planned intersection at Lynnewood and South Mayfair, site of the stymied "Hump" property.

Another association request, that the city maintain planted areas at the entrances to the Palisades (Westmoor and Westridge intersections at Skyline) mustered council approval.

State Division of Highways (answering letter of Westlake resident David Friedenberg) informed the council that nothing could be done to delay opening of the Edgemar freeway this month. Friedenberg sought the postponement because traffic signals at Westmoor and Westridge, on Skyline, won't be installed for some time.

The state noted that bids for the two signal projects would be advertised next month, with the signals possibly ready by this August.

population in the county, Arnold declared.

Population of the county now is 32 per cent greater than in 1952-53.

Per capita levy, county-wide, on property, is 45 per cent greater.

Total levy for county government purposes is up 101 per cent; for cities, up 67 per cent; for school districts, up 98 per cent; for special districts, up 72 per cent.

"Property tax bills for 1958-59—the bills property owners will get next November—are in the making right now in the budgets the local governments in the county already have in process," Arnold pointed out.

"If property owners want to prevent another big increase in property tax bills for next year," he declared, "they should:

"1. Urge that the salary schedules for local government employees be held at their current levels.

"2. Insist there be no increase in level of present services by local governments.

"3. Demand the elimination of unnecessary government activities by every level of government."

4. Rejected two bids for weed abatement contract on recommendation of Otis Calhoun, public works director, who said it would be cheaper for city to do the work as in the past.

5. Made official resolution on agreement with Daly City Scavenger company for rate hikes, effective April 1.

Freeway Studies Are 'Officially' Announced Here

B. W. Booker, Assistant State Highway Engineer, today repeated that "initial freeway studies are now being made in Daly City."

All feasible alternates for a freeway connection between the future Junipero Serra Freeway and the new expressway now under construction at Edgemar road and Skyline boulevard and also to the Southern Freeway location at Orizaba avenue in San Francisco, are being investigated, he said.

He emphasized that the studies involve only the development of factual information concerning the various alternate routes and no specific route can yet be recommended.

When the studies are completed, it is planned to acquaint the public with the information developed through the medium of public map displays and meetings in line with the procedure which has been followed in other areas where freeways were being considered.

The dates and locations of these meetings and displays will be fully publicized throughout the area, Booker concluded.

Search me, O God, and know my heart; try me, and know my thoughts.—(Psalm 139, 23.)

When we truly surrender our lives completely to Our Heavenly Father, through His Son Jesus Christ, we will not try to hold onto or hide even the smallest evil thoughts. They cannot be hidden from Him — but He will forgive us when we are really repentant, when we really love Him.

SMJC Trustees Set Resolution For Convention

At the annual convention of the National School Boards Association in Miami, Florida, this Thursday through Saturday, the board of trustees of San Mateo Junior College district will present a resolution concerning the impending national crisis in higher education.

The resolution commends the establishment of two-year community colleges as a key to the solution of this impending crisis. Text of the resolution follows:

The San Mateo Board has taken this leadership because of their knowledge of salient pertinent facts. There are areas in the nation where few or no public two-year community or junior colleges exist. Yet where established, the community college has proved its contribution as a major institution in the field of higher education.

In California, for example, there are more 13th and 14th grade students enrolled in junior colleges than in all other collegiate institutions in the state. The State Department of Finance estimates that in 1965 approximately 100,000 out of 165,000 full-time lower division students in public collegiate institutions will be enrolled in public junior colleges.

The President's Committee on Education Beyond the High School predicts that by 1970 there will be six million college students in the United States, 100 per cent increase above present enrollment. Quite obviously, it will be impossible for four-year colleges to expand quickly enough to take care of this doubling enrollments. Moreover, such expansion would be inefficient and wasteful, because of the large percentage of students who do not continue beyond the sophomore year.

Concluding that community colleges have such high potential as a key to the solution of the impending crisis in higher education, the board of trustees of San Mateo Junior College district will ask that the National School Boards Association resolve that school boards in areas which do not have local two-year colleges be encouraged to establish such colleges as an integral part of the existing public school system.

Furtado, a plant superintendent and father of grown-up children, was arrested after mothers of the girls, ages 6 and 8, alleged he committed indecencies against the pair last month in his garage. He lives at 40 Pinehaven drive and for many years was known throughout the area for acting as "Santa Claus" for neighborhood youngsters at Christmas time.

Back On Road To Better Government

Daly City government Tuesday hit the road back to betterment with official installation ceremony for three successful council candidates.

Changes in management of city business are inevitable with the balance of control now in the hands of Mayor Micheal DeBernardi, Edward J. Dennis and Bob St. Clair.

Each has made his position clear regarding the main issues facing the people. Sales tax, waste-spending and "expedient" legislation—bywords of the pre-election administration, now face the verdict of the "many" and not the "few."

While politics often result in lofty promises of reform and sometimes not-too-meaningful platforms, modern-day office seekers survive or succumb on extent of their efforts to represent the desires of their constituents.

With almost 35,000 residents watching city council action as never before here, it is logical that promises and platforms must be carried out.

Decisions at city hall democratically are determined by "majority" vote.

Voters last week showed excellent judgment in assuring that the "right" majority was authorized to serve their city.

DEADLY 'FINDS'

Police Chief Warns About 'Blasting Caps'

Police Chief Roland A. Petrocchi today issued a warning about blasting caps which last year blinded or maimed over 100 youngsters in the United States.

The caps—used to trigger dynamite charges—may appear to a child as being harmless, but "in the hands of any inexperienced persons they are extremely dangerous," the chief said.

In a press statement aimed at both children and adults, Chief Petrocchi warned, "a child picking up a blasting cap is in deadly danger."

He urged anyone finding a cap to report it to the police or some other law enforcement officer immediately. They know how to dispose of them safely.

Blasting caps, he said, are fairly easily identified. There are two basic types. One type has an open end and is detonated by the flame from a fuse. It is about one and one-half inches long.

Another type, known as the electric blasting cap, has two wires extending from one end so it can be fired by electric current. These caps are from two to five and one-half inches long.

Both types may be recognized as small, bright metallic cylinders, made of either aluminum or copper and about as big around as a lead pencil. They are loaded with powerful and sensitive explosive charges.

Blasting caps are used in blasting operations in mines . . . quarries . . . construction work, including road building . . . land clearing . . . oil prospecting . . . and many other important jobs for industry and agriculture. They are safe, and save time, money and manpower when used for these purposes.

Men who handle explosives in their daily work accord blasting caps even greater respect and caution than dynamite. To the youngsters, however, who would run from a stick of dynamite, the shiny blasting caps are a fascinating toy.

Unfortunately, Chief Petrocchi continued, blasting caps are sometimes lost or stolen. Youngsters find them and play with them. A child finding a cap has an irresistable urge to hit it with a stone or probe it with a knife. This is almost certain to explode the sensitive charge in the cap.

When a cap explodes, hundreds of pieces of metal fly out in all directions sometimes as far as 200 feet. Even at that distance, the bits of sharp metal are hurled with enough force to cause serious injury, even death to some child.

'Fiesta Mejicana' Dinner-Dance Told

April 23 at 7 p.m. is the date for the Fiesta Mejicana dinner and dance of the Forest Hill Young Adult Club, 1960 Ninth avenue.

Any young adults, 18-35 years of age, are invited. Cost of the dinner will be $1 for members and $1.25 for non-members and guests.

The club's other planned activities include folk-dancing, bowling, tennis and social dancing. Picnics, hikes, and weekend trips. Anyone interested may call the secretary, MO 4-0110.

SPEARHEADING San Mateo county's big April Cancer Campaign fund drive is the Lewkowitz family of Daly City—all 10 of them. Dad Joe (kneeling at left beside his wife), elementary school trustee and recent city council candidate, is Daly City drive chairman. Standing (left to right): Joeseph Jr., 23; John, 18; George, 16½; Charles, 21; Theresa, 14; Frances, 12; Mrs. Joseph Lewkowitz Jr., and Darlene Jo, 7. Good-sized committee for any cause!

DC's Versatile Joseph Lewkowitz: No Doubt "Busiest" Guy In Town

Daly City's Joseph Lewkowitz is probably one of the best known and busiest men in north San Mateo county.

He operates a gas station at 3356 San Jose avenue, is a school trustee and two-time council candidate, belongs to numerous organizations, and right now he's extended a helping hand to boost April Cancer fund drive in the Daly City area. He's city chairman.

"I know what it means to people. I know what it could mean to my own family, so maybe I'm pretty busy, but I don't ever want to be too busy to help where help is needed, and I figure the cancer drive is one of the places where it's needed most," declares Lewkowitz.

Lewkowitz has distinguished himself in many ways, not the least of which is having one of the biggest and happiest of families which include seven children. They are Joseph Jr., 23; Charles James, 21; John Martin, 18; George Victor, 16; Theresa Victoria, 14; Frances Rose, 12 and Dorlene Jo, 7. (And there's also a new daughter-in-law, Clarine.)

Mrs. Lewkowitz (Dolly) is also another one to be out in the forefront to help the cancer drive. "I know what cancer can do to people" she says. "We've had friends stricken with it, but I know, too, that cancer takes the lives of more children between the ages of one and 14 than any other disease. As a mother, I want to do everything I can to stamp it out."

Lewkowitz adds, "That's the kind of spirit that gave us the edge on polio, and that's what we've got to do about cancer. We've got to fight it with information and donations—that's the only way we can get at it. Give the people in the laboratories money to spend in ways of finding out more about what causes cancer and how to cure it. I don't see how anybody can turn down the volunteers who come to their doors asking for whatever they can give. In exchange they'll get pamphlets about cancer. They're worth reading, because maybe that's just the thing that can lead to its detection in you."

Resident of Daly City since 1939 at 501 Vista Grande avenue, Lewkowitz has had an enormous interest in civic activities. He's the coordinator for the Red Cross disaster council for Daly City, is chairman of the Salvation army committee for Daly City, is a member of the Lions, Eagles, and Chamber of Commerce.

That's not all—he's a member of the musicians' union, a charter member of the California Democratic Council in Daly City, the Men's Club of Our Lady of Perpetual Help parish, is on the school board of Jefferson Elementary District, and is a member of the National Congress of the PTA.

"But I'm still not too busy to do a job to make that April Cancer drive a success . . . It's got to come first with all of us," concludes Lewkowitz.

FOUR-DAY SPECTACLE

Westlake 'Invaded' By Military Forces

All branches of the Armed Services will invade Westlake Shopping Center this Wednesday through Saturday, April 16 to 19, to present the second annual Armed Forces Show and Recruiting Drive.

With the spotlight of public interest on rockets, the Army and Navy will both present their newest space fighters. The Army is scheduled to show the Hercules and Ajax guided missiles, and the new Navy Terrier and Regulus also will be on public display.

In addition to the rockets, the Marines will stage a mock battle every afternoon and evening of the four-day show, featuring flame-throwers and flares. In the Mall, the Coast Guard will erect a breeches buoy to carry people across the 80-foot center strip at Westlake Shopping Center, while an active life-saving unit will exercise their skills.

One of the highlights of the four-day exhibition will be the appearance of the son of Rin Tin Tin, Friday evening and Saturday afternoon. Now a member of the Marines, the dog will show the uses of the K-9 group in guard and detection duty. Extensively trained, the son of Rin Tin Tin performs throughout the nation to demonstrate the use of intelligent animals in the Armed Forces.

Plans call for one of the largest gatherings of fighting might ever assembled at one time in peace time at Westlake Shopping Center. Tanks, guns, weapon-carriers, floats, drill teams and exhibits will be open to the public free during the four-day Westlake show, according to Les Ritchie, president of the Westlake Merchants, sponsoring group.

Eagles' Auxiliary In 'Charter Night'

Ladies of Eagles' Auxiliary 1848 will honor charter members and past presidents here Tuesday evening, April 22, starting at 8:30 o'clock in Eagles Hall.

The unit is marking its 10th anniversary.

The Town Record

By Roy Hurlbert

The Giants are not the lone harbingers of Spring. They're in the area, we're told. Or haven't you heard?

Up at city hall, the new majority also are ready for some house-cleaning. Just how much elbow grease they'll apply won't be known for maybe a couple of weeks.

But brother, the brooms are ready.

* * *

We can't forget the Giants, after all. Few of the New York transplants may settle here—some in Westlake. Bill Rigney's troops are looking for domiciles. Our town is handy for the big leaguers.

A "Daly City Day" at Seals Stadium is in the cards. Boss Horace Stoneham will be anxious to greet our folks. Good for business, what else?

* * *

City's annual report for fiscal '56-'57 was issued last week. A handsomely covered slick-paper book—but already obsolete.

Many of the gents listed in key city jobs aren't long for this world. First batch lost out at polls, week ago Tuesday.

May 27 tax election for elementary schools here asks 70-cent tax hike. Tough order to fill by majority vote. The recession doesn't help the penny-conscious outlook, either.

But, above all, don't forget, the leaders of tomorrow are the students of today. The schools here need a successful May 27 very badly!

* * *

Along same line, we recently toured Oakland schools, coming back feeling lucky. Tax election over there failed, so another emergency ballot is set before summer. If this one fails, the "All-American" city (title earned last year by Oakland) will be indeed sorry. They'd even have to drop athletics from the program there.

Insurance agent Myron Sebring, head man at Farmers' office on Mission, easily directs customers to his business establishment.

"I'm located between two stiffs," he pronounces.

Sebring's office is wedged between the Casbah and Lasswell's.

Man with ideas: Charles Becker, muni judge hopeful and president of Temple Judea. He got San Francisco supervisors to fix "Brotherhood Way" as name for street fronting five different-denomination church lots on Stanley drive.

* * *

Police Chief Roland Petrocchi is ready to ship us to San Quentin.

No offense intended. He makes the trip once a month with county law enforcement brass.

We want to get an inside look at life inside the walls.

Biggest local event this weekend will be well watched by the cops. Officer James Bergstrom will trek to the Holy Angels Church altar this Saturday to wed Angelina Sereni, daughter of Al, DC Scavenger president.

Culprits beware: Somebody will be at police headquarters to watch the store, just the same.

Hal Willis, local cleaning establishment proprietor, took his hound to Crocker Hills (above reservoir) to drill for pheasant hunting. As he rounded a turn, he spotted a cock pheasant with full tail. It's not a domestic bird.

Hal has to drive 400 miles to go hunting—when the quarry is almost in his backyard.

Think you got troubles?

State Committee Postpones 'Harbor' Hearing In SSF

This Wednesday's scheduled meeting in South San Francisco of a State Assembly subcommittee on Public Utilities and Corporation has been postponed, Assemblyman Louis Francis informed THE RECORD today.

He said the postponement was due to the fact the many committee members are still occupied in the state legislature session and "unable to leave the capitol to attend the hearing."

The committee was scheduled to study the procedures adopted by the State Division of Small Craft Harbors for providing state aid to local cities.

Francis is chairman of the subcommittee on Marine Affairs.

SHIRLEY Fisher gets instruction in firing the machine gun from Sgt. Frank Browdowsky of the Marines at the Westlake Armed Forces Show, opening this Wednesday at Westlake Shopping Center. The free show, ending Saturday, will present the combined efforts of all branches of the Armed Forces in one of the largest displays ever seen in the area. Tanks, rockets, planes and floats will be featured at the show, in addition to the crack Navy drill team from the Treasure Island Electronics school.

FOUNDATION of the planned $500,000 Pacific Super Market, corner of San Jose Avenue and Flournoy streets, off Mission, is beginning to take shape on the site of the old Daly City Theater lot. Barring additional bad weather, shoppers will be able to utilize the ultra-modern new store by this fall. Wreckers fell behind schedule in tearing down the "stubborn" movie house, thus the new plant's opening will be slightly delayed.

LETTER-TO-EDITOR

Citizen Urges Parents To 'Thank, Applaud, Support' JESD Trustees

Dear Mr. Bradshaw:

Our elementary schools have been very much in the news the past few weeks. Education, nation-wide, has been very much in the news. Our district has been growing rapidly in recent years, and all the measurements available lead us to the conclusion that this rapid growth is going to double in the immediate future.

Having had a continuing interest in our schools and their problems over a seven-year period, I feel that I am in a position to at least evaluate my own opinion and observations of our district.

This district began grappling with growth problems under a three-man board of trustees. The district grew and so did our board, to five people. This is a lay board, consisting of people who are not educators—therefore, they are dependent upon educators for the guidance and recommendations necessary to determine the needs and actions that this board should take to keep up with the building program and to constantly work to improve the education available in these schools.

Our current board under the strong capable leadership of its chairman, Mr. Hartley Appleton, has realized that being lay people, they did not have the experience and background to handle (in the very best way) the many and varied aspects of this job without professional advice. The Odell Associates, research group from Stanford University, being experienced in the field of education, were hired to give advice and guidance to this board. This is a new experience in this district and is certainly proving its value and it is one of the most important steps forward this district has ever taken.

Many pages could be written covering the accomplishments and strides forward which our district has made in recent years. Being in attendance at board meetings quite regularly, it marvels me repeatedly, how so few people, in a volunteer civic position could possibly cover the ground and accomplish the work that this group does with the limited time available.

Our trustees deserve to be thanked, applauded, and supported in every possible way for the terrific job they handle. It behooves each citizen to extend them the courtesy of at least sitting in attendance while they do the work.

My personal thanks to the trustees of our Jefferson Elementary School district for all they have done and are doing for the children of our district.

Respectfully,
Mrs. J. D. White

Housewife Says Weibel's Dismissal 'Settled,' Supports School Board

Dear Editor:

There have been many public and private conversations recently regarding the alleged conflict between the elementary school board and the superintendent. Actually, Mr. Weibel has stated he wishes to leave the district and is actively seeking another position. This indicates agreement on the contract matter and leaves all of us free to concentrate on other, constructive work in the district.

The board has instituted studies and is taking action on:

(1) The curriculum, with emphasis at this time on the basic studies of reading and arithmetic for all students;

(2) Special services for the gifted children, emotionally disturbed, and other particular groups;

(3) Forward planning on school construction and sites, and elimination of delays in present plans and construction.

These are all long range, continuing responsibilities of the community.

We have many excellent teachers and principals and a courageous school board, all wanting to use our facilities and money and talents to secure the best possible education for our children. A wider community understanding and support for these dedicated people will help us continue our forward progress in a time when we are increasingly aware of the importance of good public education in a democracy.

School board meetings are open and attendance is encouraged. April 21-25 is Public Schools Week when our schools particularly welcome visitors. Let's all go, see, listen and learn.

Mrs. A. S. Nocita

Mother Of Three Backs Trustees Against Weibel

Dear Editor:

I have followed the progress of the Jefferson Elementary School District board of trustees since becoming a resident of this community three years ago.

With one child in school and two to follow, it is with great interest and concern that I read and hear the trustees' views as to the present superintendent, Henry Weibel.

The board has been unanimous in its decision that a stronger superintendent will be advantageous to the district.

It is, therefore, my opinion that the board be strongly backed in their actions to find a man in whom they have more confidence.

And only then will I—as a parent—feel confident my children will be receiving the best educational opportunities possible.

Sincerely,
Mrs. Nisya Fishstrom

POLICE LEAGUE IS CITED BY MUNI JUDGE

(Editor's Note: Following letter was addressed to John Coleman, president of Daly City Police Athletic League.)

Dear Mr. Coleman:

The Police Athletic League of Daly City, dedicated to the youth movement of your city, has been recognized as one of the outstanding achievements in the annals of youth activities in the Bay Area.

A program of this nature in all of our cities could well be the answer to many of the juvenile problems that constantly confront our communities.

Not only has your program proven successful, but it has brought recognition to the city of Daly City for its progressive ideas on juvenile matters. You and your many co-workers are to be commended for your devotion to the program and the success that it has achieved.

Best wishes for continued success.

GIRLS TAKE OVER

'Day Of Days' Set Here April 26: Daly City Hosts 'Scouts-In-Action'

By Servart Ojakian

The second annual Girl "Scouts-In-Action" demonstration and program will take place on Saturday, April 26, from 1 to 4 p.m., at the War Memorial Building in Daly City.

It is "the" day of days, for all Girl Scouts in the Daly City area to produce their most profound show. It is an event that has been carefully thought out and planned for the past six months or more. The varied program will be of equal interest to all youngsters, parents, friends, and friends' friends, whether boy or girl, man or woman. It's for everyone. Admission is free.

The stage program will be intermittent throughout the afternoon. The "Wedding of the Painted Doll," will be one of the events. There will also be singing and dancing.

There will be many displays of crafts and handiworks by the Girl Scouts, such as basket weaving, sewing, needlecraft, leather work, and arts and crafts. There will be nature study exhibits, mats and display works, elements of building a fire, and health and safety programs.

In conjunction with the Scouts-in-Action program, a poster contest was conducted advertising and announcing it. First award winners were: Angela Giraudo, Brownie Troop 278; Christina Christiano, Intermediate Troop 355; and Ann Mori, Senior Troop 23.

Second award winners: Christine Fotenos, Brownie Troop 277; Betty Fontgroot, Intermediate Troop 89; and Janet Flint, Senior Ship 13.

Third award winners: Vesta Winz, Troop 66; Linda Laureano, Troop 31.

Honorable mention for the best ones in each neighborhood went to: Yvonne Pack, Troop 9, Bayshore; Angela Giraudo, Westlake, Troop 278; Christina Christiano, Troop 355, Parkview; Ann Mori, Troop 23 Broadmoor; and Betty Fontgroot, Troop 89, Peoria.

Judges for the contest were Harold Brown, Helen Cordell and Sam Felser.

The delightfully quaint posters of all the children are being displayed in the various business houses throughout the city.

To assure the success of this worthy project, the community's whole-hearted interest and support is necessary. Mark April 26 on your calendar, and bring the whole family to enjoy it.

ADULT SCHOOL REGISTRATION REMAINS OPEN

Signups are still being taken for certain classes at the Jefferson Adult School, particularly in clothing, typing, and shop classes.

The special, short-term course in business machines which meets on Monday nights at Jefferson can still absorb new members.

For those interested in Driver Education, the last session for the current school year will begin on May 12. Signups will be taken at PL 5-1162, and registrations will close when the quota of 30 students is reached. Minors graduating from the driver education course can apply for a special consideration in their car insurance from certain companies. The course is open to any person 18 or over and not currently registered in a day school.

No decision has yet been reached on the possibilities of a summer school for adults. Last year two successful classes were held and if demand warrants it these classes may be repeated.

SCHOOL BOND LEADER LAUDS PAPER'S ROLE

Dear Mr. Bradshaw:

The Jefferson Elementary School District recently placed two bond issues before the citizens of this district for the purpose of financing the building of new schools.

As chairman of the Citizens Committee supporting these issues, I would like to express my thanks and appreciation to you and your staff for the friendly cooperation we received in publicizing the facts behind these issues.

This publicity was a major factor in informing the public and certainly was instrumental in helping to secure the large favorable vote these issues received.

Your staff was very helpful and cooperative, as well as pleasant, and we enjoyed our association with them during this period.

WHAT'S DOING

A. C. Latno, your Telephone Manager in Daly City

Why are these two phone men having such a hard time opening that metal box? You can blame it on corrosion. It can rust or crack even tough metals, and here it has sealed the box shut. Phone wires from your house are connected to a box like this. But *this* one, in a special test, was exposed to wind, fog and ocean spray. We use these tests to learn new facts about corrosion. We also test to find metals that can resist it, yet are economical. By controlling this and other destroyers, we save thousands of dollars worth of equipment each year—and make your service still more reliable.

On any occasion, a kitchen phone in *color* makes a gift that's sure to please. With Mother's Day coming up on Sunday, May 11, you'll want to keep this in mind. For here's a gift that'll save her time and steps all year long. And she'll take pride in the beauty a color phone adds to her kitchen. Choose from seven eye-appealing colors: ivory, moss green, cherry red, pastel yellow, light gray, light beige, white. Cost, after a single installation charge: $1 a month. Sandlot Spokesman Bemoans 'Condition' Of Local Diamond

Dear Editor:

The dugouts and other phases of Marchbanks Park were "done over" during the winter, but it really is disgraceful the way the baseball diamond has run down.

They were supposed to keep people off the diamond during the winter, but surely they can get at it now, and bring it back to the condition it should be in.

This summer, there is a plan for a public address system, and Daly City will have as much to offer in a baseball diamond as San Francisco has at Golden Gate park.

With an exciting agenda including a demonstration of subliminal advertising, the 8th annual Radio-Television Guild Industry Conferences and Banquet, will be held at San Francisco State College on May 9. Ed Whitney of KCBS Radio (a resident of Westlake) will appear on one of the panels discussing the subject "Radio—Must It Turn 'Top 40' to Survive."

With over 30 national and local professionals in broadcasting on hand for panel discussions, workshops and demonstrations, the convention should certainly be an interesting and stimulating one. The public is invited to both the conference and banquet. For information, telephone JU 4-2300, extension 442.

DC Man's 'Idea' Saves Navy $9000; Earns Him $250

Virgil L. Winz, 575 Vista Grande avenue, employee of the San Francisco Naval Shipyard, as a pipefitter analyst and scheduler, recently submitted a Beneficial Suggestion which saved the Navy $9000 annually, and brought Winz a $250 award for his idea.

The suggestion entitled "Exhaust Valves Transition Pipe Material Change," essentially was a change in material from which exhaust valve transition pipe flanges are manufactured.

Winz observed that transition pipes connecting the outboard exhaust valves and the mufflers on submarines were normally fitted with stainless steel flanges. It occurred to Winz that exhaust gases did not come in contact with the flange, therefore, a lead or zinc coated mild steel flange would serve the purpose adequately and, at the same time, reduce the cost.

The San Francisco Naval Shipyard Value Engineering Group conducted tests on sample coated mild steel flanges and found that in addition to the lower cost of the material, flanges made of mild steel were less expensive to manufacture than the stainless steel flanges.

Mild steel flanges are flame cut from plate, galvanized or metal sprayed, and installed. Stainless steel flanges require forging, piercing, flatting and complete machinery before welding to the exhaust pipe. Winz, suggestion is being used on submarine overhaul.

CATHOLIC WOMEN CITE PUBLICITY FOR 'RUMMAGE'

Dear Mr. Hurlbert:

The Westlake Catholic Women's Advance Rummage Sale, which was given such "eye-catching" coverage by the Westlake Times and The Record, was an outstanding success, we are happy to relate.

A thank-you note such as this is hardly adequate. The value of your publicity was shown last weekend, for certainly much of the crowd at the sale was due to the articles in your paper.

As you know this affair benefitted the building fund of our parish, which is another of the many trying to build additional classrooms to fill the needs of our "children-populated" (so-it-seems) community. Your help materially aided us in our money-raising event.

On behalf of the Westlake Catholic Women and Our Lady of Mercy Parish, our sincere appreciation and gratitude for your assistance.

Sincerely,

Mrs. William J. Brown
Publicity Chairman

V-Play School Students Enjoy Many Excursions

A series of weekly excursions has been planned for children attending Village Play School in Colma. On Tuesday there was a tour of DeYoung Memorial Museum by the older children in the school, while the younger children had a good time at the playground in Golden Gate Park. After the tour, the two groups met for picnic lunch.

Last week the older children enjoyed a trip to the main post office in South San Francisco. Before the children left school they were given self-addressed postcards, which they mailed and received later in the week. Postmaster Ringue did a "marvelous job" of showing them how mail is processed.

For next Wednesday, April 23, a trip to Arden Farms Dairy, 2065 Oakdale in San Francisco, has been arranged through the courtesy of Mr. Thrall, shipping superintendent, and Mr. Hinkle, plant superintendent. Children will see what happens to the milk when it comes from the farm and how it is pasteurized and bottled.

These tours are planned by Mrs. Eugene Jorgensen of South San Francisco, excursion chairman for the nursery school.

The Auxiliary fashion of an 1890 full length black costume with plume hat received the most votes in the public balloting. The fashions were on display in the J. C. Penney windows.

Second prize went to St. Martin's Episcopal church's entry, while Woodrow Wilson PTA garnered the third award. Cash awards of $25, $15 and $10, respectively, were made to the organizations sponsoring winning entries.

Awards will be given this week, according to Don Davis, manager.

Palisades Man Awaits 'Third-Story' Verdict

Fate of a contractor homeowner in Westlake attempting to build a third-story to his Palisades home awaits the verdict this week of Superior Judge Edmund Scott in Redwood City.

Neighbors of the contractor, James Soto of 36 Crestview drive, filed suit against him late in February, through their attorney Paul Hupf. More than 200 signatures against Soto's plan dotted the petitions, but only 13 neighbors of the contractor are listed as plaintiffs in the action.

Soto, who halted construction of the third story on his home, claims he was given permission to build the addition by a Henry Doelger-appointed architectural committee, prior to the Palisades section coming under Westlake Improvement Association jurisdiction.

Hupf's clients, protesting Soto's project, reportedly to preserve the uniformity of the area, base their case on a stipulation in Westlake home deeds which restricts houses to two-stories in height. Basement and /or garages count as one story in deed specifications.

Palisades residents recently were granted association membership. Soto's case, however, is independent of the WIA, because the earlier jurisdiction is involved.

'Westlake Festival' At OLM Church Offers Kids A Myriad Of Booths

Upon entering the parish hall of Our Lady of Mercy Church, during the Westlake festival, children will have their choice of many exciting booths to visit.

The first booth to catch the eye of a child will be the "grab bag." Mrs. Robert White and Mrs. Dario Baciocco guarantee a surprise for everyone. After claiming their packages, children can turn around and find a large panda booth, containing colorful bears, of all sizes. Under the supervision of Val Molkenbuhr and Harvey Christensen, this booth will delight all ages and provide a companion for any child.

Perhaps the most exciting of all booths will be the children's games, under the chairmenship of Mrs. Martin Nejasmich and Donald Castronovo. This booth allows the participants to play a ring toss game and then be awarded a toy of their own choosing. There will be trucks, cars, dolls, stuffed toys and any number of amusing toys, including a "mascot type" doll with Our Lady of Mercy Emblem on it. Mrs. Nejasmich has promised an assortment of toys for each age group of boys and girls.

Next door to the games booth is the "gold fish" booth, which for most children is a challenge. To win a gold fish one must throw a ball into a bowl. There will be three trys to each attempt to secure a "fish."

No festival would be complete without a doll booth. In this booth, there will be gathered brides and their attendants, cow-girls, dancers, and many gayly designed costumed dolls. Mrs. John Bennett and Mrs. Lloyd Madigan have equipped this booth to capacity. Endless hours have been spent by the women of the parish in dressing the dolls to capture the heart of any little girl who visits the doll booth.

Before leaving the hall, every child will want to stop in to the refreshment booth and purchase either pop-corn, ice-cream, candy, cake, coke or the favorite "hot dog." Mrs. Michael Egan Jr. and her committee will be serving refreshments every day and night of the festival.

General chairman, Edward O'Donnell, has announced that the festival will begin Thursday afternoon, May 1, and conclude on Sunday evening, May 4. It will be held on Elmwood drive, which is located between South Mayfair avenue and Southgate avenue. It will be in the parish hall, which is beneath Our Lady of Mercy church. All proceeds go to Our Lady of Mercy building fund for another school.

Singers Sought For Community Oratorio Society

Singers interested in oratorio will be welcomed into the Community Oratorio Society during the next few weeks.

Mozart's Litany in B-Flat is the new work being studied. Since it is a short one, it will be sung on the same program with another short selection, not yet chosen, or with some miscellaneous numbers.

The operating procedures of the Community Oratorio Society are unique in that every phase of the work is done in a cooperative manner. Every member sings choral parts. Responsibilities of conducting and accompaniments are shared by all who can do these things, as are clerical jobs. Solos are sung by members who will be selected by vote of the group from an anonymous tape recording. Programs are given in many local churches.

Since a large chorus could not be accommodated in many of the small churches receiving these programs, no attempt is being made to develop numerically. A few interested singers will be accepted at this time, however.

Meetings are held on alternate Tuesdays in Ebenezer Lutheran Church's Ascension chapel. Violette M. Dale is the general director and will interview prospective members by appointment. Telephone LO 6-8805.

This is a non-profit community service organization dedicated to the performance in neighborhood churches of oratorio in a professional manner.

Pack 240 received the 100 per cent quota award for tickets sold for Scout-O-Rama. To date, Whalen Sechrist tops the list of sales with a record 68 tickets to his credit. Larry Karp, Mark Caserta and John Doelger are next in line.

Jefferson, Westmoor Clubs Score First Loop Wins

TWO-HIT JOB

Tapia Whitewashes Mateans, 2-0

By Roy Hurlbert

Rifleman Paul Tapia's 2-0 two-hitter over winless San Mateo here Tuesday gave Jeff High's flag-hungry baseballers their first Peninsula League win in two starts.

This Friday here at 3:15, southpaw Jim Wilson will be out to move the Tribe (1-1) up the ladder, facing Burlingame. Hillsdale is 3-0 and favorite Capuchino 2-0 going into this round.

Cap ace Gen Tagliaferri outhurled Tapia here Wednesday last week, 3-1, as weak-at-the-plate status hurt Coach Steve Mezzera's promising Daly City club.

San Mateo on Tuesday got to Tapia for just two doubles, one in the fourth, another in the sixth. Paul whiffed five Bearcat batters.

Walks to Ino Patron and Bud Callaghan, Barrie Haanen's fly-out advancing Patron, a double steal, and Gary Ryan's single gave the Indians their winning runs in the very first inning. The rally-frame hits were all Jeff got.

Last Friday in Berkeley, the Mezzera hordes blanked the UC Jayvees, 6-0, with Ryan and Tapia sharing hill chores. Patron's single and double featured the attack.

Tapia will go against South City (2-2) mainstay Jim Patrick here next Tuesday. And Mezzera may use him again the following Friday against powerful Cap in San Bruno.

RAMS BOUNCE BACK

SIMONS SURPRISES SOUTH CITY, 4-3

Westmoor's dead-game Ram baseballers entered the Peninsula League picture Tuesday by nipping strong South City, 4-3, behind the four-hit pitching of righthander Dave Simons.

Simons fanned six and walked but three as Coach Rod Losberger's Daly City nine pushed their loop mark to 1-2. This Friday the Rams face unbeaten Cap down south.

Dumped by Hillsdale, 9-1, in their opener, Westmoor Friday lost a 4-3 verdict to comeback Burlingame there. The Panthers got all their runs in the final inning. Ray West was relieved by Simons, who got the loss. Seven hits were made off their combined offerings. Four Ram errors hurt the cause. Tony Broadwood was winning hurler.

Westmoor's three hits were banged by Sid Swanson, Tom McHugh and West.

Tuesday in surprising South City, four Rams got two blows apiece. McHugh's bags-jammed double accounted for three runs. Jim Heick's squeeze bunt meant the clinching tally. Gary Huston and Rich Hottal each stroked two hits.

Westmoor has a bye next Tuesday.

Colangelo Spearheads Two Victories By 248-A Softballers

Westlake's 248-A softball kids swept two foes last weekend, romping past Pack 104 on Saturday, 32-0, and beating Pack 83 next day by 24-7.

Dan Colangelo's three-hit pitching and 10 strikeouts and Skipper Smith's sticking (five for six including a homer) featured the first win. Bob Beukers also homered for the locals.

The assault on Pack 104 was highlighted by the platework of Bob Green, Ross Davis, Bob Ritchie, Charles Pengra, Dave Lowry, Philip Reade, Tex Howard, Martin Jaspovice, Mike Bush and Colangelo.

Colangelo scattered seven hits and fanned six batters in the Sunday clash. Davis, with a homer and four additional hits, was tops in the multi-hit Pack 248 attack.

This week 248-A faces Pack 36 at Balboa park.

AFTER WIN OVER RAMS

Tribe Tracksters Fall To Invading Bearcats

San Mateo High track forces swamped Jeff's thinclads here Tuesday in convincing fashion, much to the disappointment of Indian Coach Bob Watt.

The invaders took the varsity, 76-37, the B's, 71-42, and the C's, 57-29. Watt's best boys failed to produce.

This Saturday Jeff and Westmoor go in the annual El Cerrito Relays. Next Tuesday the Indians travel to meet Hillsdale. The varsity and C's are 1-1 in Peninsula League dual meets, the B's winless.

Only happy moment Tuesday for Watt was high jumper Dennis Marc's 6-4 effort—the league's best this year and perhaps the top mark in Northern California.

Sprinter Sonny Martinez, half-miler Al Davila and miler Don Snider each was outlasted in varsity events—way below the usual par. For the Tribe C's, John Margaroni took the 150-yard dash and seconds in the 75-yard dash and broad jump.

Last Friday, Jeff took Westmoor in the varsity, 57½-55½, and the C's 73-13. The Rams copped the B division, 58-51.

Earlier last week, Westmoor scored its first dual meet triumph in history, beating South City's varsity, 87-26, and the Warrior C's, 48½-38½. SSF captured the middle division, 65-48.

Entering this week, the Ram records (varsity through C's) were 1-3, 2-2 and 0-4.

Westmoor varsity standouts against South City were Mike Joseph, sprints; Rich Burnham, hurdles; Bruce Ryner, 880, and Dave Vogl, pole vault. Each won impressively. Joseph and Burnham established school marks in the lows and century, respectively.

DC DRUG NINE 'LOADED' AS DRILLS OPEN

Loaded as usual, Manager Lowell Creighton's Daly City Drug baseballers Saturday breezed through opening practice at Marchbanks diamond.

Coach Harry Krohn and sponsor Tom Bournellis look for another top year for the locals, who in '57 captured the D League title and the DC Junior League championship.

Games won't be scheduled by Creighton until many of his players finish playing chores on local high school teams. Summer is when the kids will go full blast.

Creighton has a strong nucleus this campaign, with lineup strength well balanced. The infield is manned by Georgie Claus, Billy Hix, Mike Rovai and Barry Krohn. Dependable outfield returnees are Danny Luciano, Bill Hynes and Mike O'Leary. Terry Christman, of no-hitter fame, and Billy Ludwigsen head the mound corps.

'GET-ACQUAINTED'

Daly City, South City PALs In Swim Outing

South City and Daly City Police Athletic League youngsters—some 150 boys—Saturday night joined forces for a get-acquainted "swimming party" at Jeff High pool.

Italian-American Federation of DC-Colma footed the pool rental fee.

John Coleman, DC PAL chief, was pleased with the turnout, and said his boys soon will meet South City's PAL boxers in an exhibition meet. DC's ring kids beat Vallemar Boys Club in their opener last month.

PAL membership here (costing lads just 10 cents) now numbers 310, Coleman said. South City, which followed Daly City's lead, has about 210 youths in PAL after five weeks of recruiting.

DC PALs are participating in weekly basketball, wrestling and boxing sessions. Midget baseball and summer softball teams are being lined up. Soccer had to be dropped due to bad weather.

Coleman, reporting $900 in PAL's treasury, "but needing about $2000 to cover our program through this year," says his immediate need is sponsors for PAL baseball and softball teams.

Good Samaritans interested should call the police station, PL 5-0850, or report in person.

The kids will appreciate any help offered.

Councilman Bob St. Clair (next to the TV comic) introduced his teammates in the autograph-inking sessions at Marchbanks Park and Westlake Shopping Center. Twelve player-signed footballs were given to the kids on the rainy day. THE RECORD photo
